“Smart Cities focus on the most pressing needs and on the greatest opportunities through careful planning”

Currently, 31% of India’s population lives in cities; these cities also generate 63% of the nation’s economic activity. These numbers are rapidly increasing, with almost half of India’s population projected to live in its cities by 2030. Smart Cities focus on the most pressing needs and on the greatest opportunities to improve quality of life for residents today and in the future.

NATIONAL URBAN LIVELIHOOD MISSION

Under NULM, 60 SHGs are formed with 301 women from urban poor families. Out of the total SHGs formed, 55 have got linked with banks. Around 12 camps for different schemes were organized. Skill training to the youth is also provided in the city under NULM:

Following activities were undertaken during the month:

1. Revolving funds issued to 34 SHGs
2. Conducted workshop with SHGs for their capacity building and financial literacy
3. A batch with 24 students has been started for training in Tourism & Hospitality sector in collaboration with SkillPro (NSDC empanelled training partners)
4. Another training centre has been launched by Centum for training in retail trade
5. Proposal for the City Livelihood Center prepared and submitted to State Mission Management Unit.

"To create structures and mechanisms to nurture youngsters, enabling them to find employment"

PM, Narendra Modi Ji
